

MERGERS, ACQUISITIONS & STRATEGIC ALLIANCES

“In today’s competitive environment, business combinations only work when properly planned and executed. We’re here to help create strategic value for our clients, to ensure they meet their objectives in every transaction.”

WHO WE ARE

The Mergers, Acquisitions & Strategic Alliances team helps clients close deals. We are seasoned transaction attorneys, drawing upon decades of collective experience to guide public companies and privately held businesses through complex asset and stock sales and purchases as well as mergers and other business combinations.

HOW WE HELP

In every transaction we handle, our attorneys bring a fresh and innovative approach to help clients meet their financial and strategic objectives from mergers and acquisitions to leveraged buyouts, divestitures, joint ventures, strategic alliances, hostile takeovers, and freeze-out mergers. We partner with investment banking firms and accountants to manage deals effectively and resolve regulatory compliance, employee benefits, environmental, intellectual property, labor and employment, real estate, and tax issues to ensure the smooth structuring, negotiation, and execution of our clients’ transactions.

We have particular strengths in helping buyers source and negotiate capital structures, credit facilities (senior, junior, mezzanine, etc.) and private equity investments required to finance their deals.

Clients appreciate the peace of mind we provide and our steadfast commitment to ensuring they achieve their goals, whether buying, selling, or combining assets to create value and synergies for their companies. They look to us for frank assessments of risks and liabilities and to propose creative solutions for mitigating them, even if that means walking away from a particular deal. And they know they can always count on us to structure and execute transactions in a timely and efficient manner.

The group works with clients across industries and geographies, and regularly draws on the skills and insight of colleagues in other practices – including business taxation, data privacy and security, environmental law, and labor & employment – to deliver legal, practical, and business advice in support of our client’s success.

WHO WE REPRESENT

We represent a broad range of publicly- and privately-held clients, including national and international market leaders in a variety of industries based throughout the mid-Atlantic region and beyond on transactions valued from \$20 million to \$2 billion:

- Distributors
- Financial Advisors
- Healthcare Providers, including hospital systems, tissue banks, physician practices, and others
- Manufacturers
- Private Equity Firms
- Service Providers
- Technology-based Companies
- Commercial Real Estate

We typically work with senior leadership of our clients – CEOs, presidents, chief financial officers, and other C-level executives at public and privately held companies and managing directors and senior managing directors in private equity firms. We guide them through transactions, analyze and mitigate risks and liabilities, and help them negotiate and close deals that create value for their businesses and shareholders.

REPRESENTATIVE MATTERS

- Represented private equity sponsor and management investors in sale of multi-state waste collection, disposal and recycling business in restructuring and sale to public corporation. Our services included pre-sale restructuring of target company group, negotiation and documentation of sale transaction, successful early termination of HSR review, joint negotiation with buyer of representation and warranty insurance policy, assisting the seller with the preparation of sale disclosure documents, closing and resolution of post-closing true-ups and escrow releases
